

CASA TERRA CHEESE

A POURABLE PLANT-BASED CHEESE DESIGNED FOR MANUFACTURERS AND FOOD SERVICE

A solution to simplify pre-packaged meal production

Traditional taste and mouth feel of melted cheese with a superior nutritional profile vs other plant-based cheeses

No cooking required after applying the cheese to achieve optimal texture, removing an expensive step in production

A lower-cost product that's easier to use and store allows users to save on both product and labor

MULTIPLE APPLICATIONS

- Cheese fillings
 - Sauces and dips
 - Melted cheese toppings
 - Crumbled cheeses
- Styles include:
American, cheddar, mozzarella, jack, muenster, crumbled queso fresco, ricotta, and more
